PRESIDENT'S MESSAGE

Mark DiRenzo

Once again our awards banquet has topped all others and I would like to thank Eileen Smith and Everyone who helped make it a big success. Eileen tops herself every year and people always leave with the greatest compliments of the evening. A special thank you goes out to Dru Therrian for the painting she donated for the main door prize, and congratulations to Paul Gull for winning it. This years Sportsman of the year award went to Cindi Chilbert and I think for the first time I witnessed Cindi Speechless! Congratulations Cindi, this was well deserved for all of your hard work that you do.

The upcoming months are going to be busy with our club. First we will be having our spring horseback trial in Barkeyville, PA at the beginning of April and our spring hunt test will be held the last weekend of that month. Chris Young is our field trial chairman and George Epling is our hunt test chairman, please give them a call if you are able to help. Our rescue is always looking for a helping hand with anything from fostering a dog to transportation, food and donations, so please keep Pam Kennedy in mind if there is anything you can do to help our rescue. It won't be long before we are complaining about the humidity and heat and that means our specialty show and annual picnic and training day is right around the corner. I look forward to another year of being president of the best dog club around and it is because of it's great members we have on our roster!

Thank you again for supporting this club and all you do to make it a success.

Your President Mark

RESCUE SUCCESS STORY

BY; CINDI CHILBERT

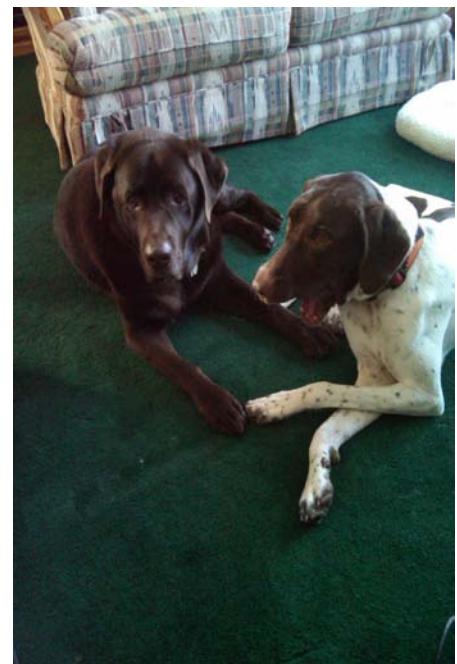

MOLLY

Molly was found at large by a good Samaritan in Summit County. She was just skin and bones, had a frayed rope hanging around her neck and though many people tried to catch her should would only come to the lady who became her Good Samaritan. Molly was taken in and many attempts were made to see if someone in the area was looking for a lost dog, to no avail. Eventually our Good Samaritan contacted me, and George Epling agreed to go evaluate Molly. By now we had learned that Molly was a very capable fence jumper. She was vetted and we were desperately trying to put weight on her. She soon met with one family that did not work out very well and a new foster home was found with Barb Novak. Barb kept her for a good 2 months, walking her, trying to teach her English and some house manners. Eventually we found a family that was interested in giving her a chance. The following report from her family. It should be noted that while Molly was in foster care, due to her speed and strength she escaped "custody" about 3 times maybe 4 but always came back.

Molly was adopted just after Thanksgiving by Mark Smith and his family. She is doing great and has acclimated to the family very well. She has done very well learning and becoming better behaved. Mrs. Smith has her trained so that when they are walking or running on the path in the park, Molly will sit if another person walks or runs by, when the first got her she would jump on everyone. She has also learned to sit prior to crossing the street when out walking. She has also learned that counter surfing is not allowed but wouldn't trust her all day with a steak on the counter just yet. She is getting much better at "Release" when she grabs something (usually Lego's) she will usually release when told, she still needs some work.

This week she showed some promise on birds, I was taking her out through the garage to the backyard and there was a dove on the patio about 7ft outside the door, she locked up and held her point for about 15 seconds.

GSPCO 2011 SPRING HUNT TEST

Spring is supposed to be here. The calendar says so. You go to the store and start checking out the seed packets and prepare to plant something. But so many times this year we have hoped for the best as the rains came, snow melted and then snow came back again. Well snow or no snow we will be planting something soon, we will be planting birds on April 30th and May 1st at our Spring Hunt Test. We had so much positive feedback after last falls tests that we decided to return to Monigold's Bird Hunting Preserve for this year's Spring event.

Our judges are Tracy Novoa from New York, our own Doc Reynolds and Dennis Meinke and Katie Pullen from PA. Every one of them a seasoned judge.

We are making another change in the way we usually run our events. We are going to use Quail and Chukar for our Senior and Master tests on both days. We hope that will entice more entries in these tests and make for a more exciting event. Everyone need to remember that this is a hunting preserve and pheasants may be present at anytime in the field.

Monigold's is located at 76926 Beal Road, Kimbolton, OH This is the address you need to use when searching for it on Google.

Any questions about our test weekend can be directed to the Chairman George Epling at 330-350-1627 or our Secretary Cindi Chilbert at 440-285-8931. We will again accept emailed entries, but payment for these entries must be received by the closing date at the Secretary's address.

CONGRATULATIONS TO PAUL & KATHY GALL

Paul and Kathy Gall have been members of the GSPCO since 1970. Paul was the treasure of the club for 25 years and participated in the field trials and hunt tests, Kathy was always found helping out especially in the kitchen. Paul and Kathy reside in Bristoville OH and currently own one German Shorthair. Paul loves going out west hunting and also hunting in his own backyard. He is also very active in the Youth hunting program. This year at the banquet Paul and Kathy won the grand prize a beautiful painting by our very own Dru Therrian. It was raffled off and it went to a very deserving couple who have put years and time into this organization.

GSPCO thanks the Gall's for supporting the club and being active members.
