SPECIALITY SHOW — July 15, 2017

BEST IN SPECIALTY SHOW Hunting Class

Kimi (BISS MBPIS CH Diadem's Secret Bombshell JH, NA PZ I), owned and handled by Tracy Riley Nova won the Best in Show for the Hunting Class. Tracy Riley Nova hails from Boston but is well-known by many GSPCO members.

She was returning from a two-week trip out west and the GSPCO Specialty Show was supposed to be a show and go. Tracy entered *Kimi* in the hope of maybe picking up 5 of the 10 points she needed to finish *Kimi*. Tracy had no expectations entering this class. She didn't even check off the Owner-Handler box, not anticipating be required to stay.

"It was supposed to be a show and go.... The rest is history. Quite unexpected."

VERSALITY DAY — AUGUST 5, 2017

Submitted by Eileen Smith

Another successful Versality Day was enjoyed by our membership and their dogs at Crooked Creek Conservation Club. Members shared their expertise with new and/or interested members wanting to know more about field trials, hunt tests and future events of the club.

The weather was perfect for training the dogs and Heineken, age 13, was not to be outdone by the younger GSPs as he pointed a quail.

More on the Versality Day on page 3.

We will be asking and needing your support for all these events so PLEASE mark your calendars and do what you can. I am real glad to see the return of a Walking Field Trial, our club has not had one in years so a big thank you to Gale and Cheryl Graves for taking this on.

We continue to work on improving our Web page, anyone who would like to share information or pictures please contact Ann Weslow.

Membership News

Members with Litters – Selling puppies

Those of you who have had or are having litters and selling pups please take note. Most of you should know that our club has been offering a year free membership to anyone buying a puppy from a club member. As such please complete a membership form for them and have the new puppy owner sign the form when they pick up their puppy. You could then forward the completed forms to Sherry our membership secretary. This not only increases our membership but provides new owners with club information on events and club member contacts as well as interesting information from the club newsletter. This one way you can all help increase of membership and hopefully get new owners interested in not only owning a GSP but doing events and getting involved in the club.

ABOUT OUR MEMBERSHIP - FORMER MEMBER PAM KENNEDY

By Eileen Smith

I recently had the opportunity of touching base with Pam Kennedy, whose involvement in the GSPCO was synonymous with the GSP Care of Ohio. Pam is celebrating 25 years of volunteer service which began in 1992 when the club's President Ron Yosper asked Pam if she would be interested in chairing this program. Pam and this rescue group has found foster and fur-ever homes for over 500 GSPs. While no longer an active member of our club, she still reaches out to many of our members

looking for advice, kennel space and networking. We applaud Pam for her hard work and dedication.

Pam Kennedy and Diane Roth

Pam promoting GSPCO at Akron Dog Expo

The difference between a shelter and rescue groups lies within its funding. Shelters are usually government-supported agencies while rescue groups rely on donations and most of its staff are volunteers. Both groups rely heavily on donations and providing foster homes to animals. According to Pam, foster

homes are in a great demand. Anyone interested in making a donation or would be willing to foster an animal, contact Pam Kennedy at 330.626.4234.

Hunter Down by Jerold Last

Submitted by Eileen Smith

Looking for an easy, enjoyable read? Jerold Last, author of ***Hunter Down***, has donated a signed copy of his book to be part of the raffle at the Walking Field Trial on September 2-3, 2017.

Jerry is a Professor of Pulmonary and Critical Care Medicine at the University of California and a two-time winner of the Indie Book of the Day Award. He is no stranger to the German Shorthair Pointer breed as his wife Elaine breeds prize-winning GSPs (conformation and hunt tests).

A high-powered rifle shot rings out in California's early morning stillness launching Roger and Suzanne into another suspenseful mystery thriller. In a complex whodunit set against a backdrop of pointing dogs and canine hunt tests, private detective Roger Bowman has to solve a murder case with no clues, no suspects, and no apparent motive. There's lots of action as the dogs hunt for birds while the humans hunt for a cold-blooded killer.
